

---

<b>Full Name</b>	Talia Adams
<b>Year of Study</b>	3
<b>What has been worked on in the past month?</b>	I have continued to have weekly meetings with the CoSS Director of Education as well as a meeting with the Head of College to ensure we can be reactive to student concerns. I continue to have contact with the School reps and have engaged with course reps during the Rep hub we had this month which was great. I attended the Digital Education Sub-Group where I helped give feedback on digital education so far. Also, I attended the College International Committee which was very informative. To help with my position sitting on the Executive Committee for ULSU I attended a finance training session which was very helpful and has increase my knowledge.
<b>Successes from the past month and any Reps Wins</b>	Myself and the other College Officers held a drop in for students to ask us questions which had some engagement which was positive. I sent around to each school within the College a powerpoint slide with senior rep contact details which academics have shared with students to help increase rep visibility. This month there was a teaching and learning training session and a panel which I co-chaired. The panel had excellent engagement and ran smoothly. My instagram account has reached 200 followers and received more engagement over the last month.
<b>Plans for next month</b>	I plan to finalise rep introduction videos to try and get these sent out so they can be used as a resource to increase rep visibility further. All of the College Officers have agreed to continue drop ins so we plan to have one over the next month. I hope to engage more with course reps to create strong academic representation across the College.
