

Volunteer Officer Report February 2020

Michael Barton – Engineering School Rep

What has been worked on in the past month?

School Action day was a success with ~1/3 of our student body turning up to provide feedback - this has been ultra-important due to the lack of feedback collection now modvals have been removed.

Successes from the past month and any Reps Wins

Key problems within the school have been identified.

Lecturers who 1st years believe to show best practice have been notified and should be sharing their techniques with other lecturers.

Plans for next month

Now NSS has begun, the main focus is to encourage all students to participate so that we achieve at least the 50% participation.

Meeting with the HoS and SEL w/c 24th to discuss feedback collated from the school action day.
