

Full Name	Paige Louise Rymer
Year of Study	2
What has been worked on in the past month?	No issues have arisen to deal with at this moment in time. I have been keeping in contact with the course reps making sure everyone is ready for the new academic year and every one is comfortable with the new online system and the pushed back start date of October.
Successes from the past month and any Reps Wins	They're haven't been any successes as the academic year has come to an end. However, all course reps are ready for the following academic year with the updated online system.
Plans for next month	As we enter into the next academic year, I plan to make sure all courses are happy with the new online system and ensure course reps to come to me with any issues that any student is having with the system or any other problem regarding their course.
