

Full Name	Rhiannon James
Year of Study	2
What has been worked on in the past month?	Thanks to the volunteers, Psych Society and Student Engagement Lead, DigiPsych (our online blog) is being worked on and will be something to look forward to! I have also been involved in meetings for the creation of a newsletter within Psychology. This will include events within the School, Rep News, recently published research and Staff Profiles. I have attended Blended Learning meetings where possible. After receiving concerns from the students regarding the current Covid-19 situation, I contacted the Director of Teaching and Learning. Following this, I relayed the information I was given back to the students.
Successes from the past month and any Reps Wins	It has been great to see DigiPsych starting to become up and running again. Also, the newsletter is something that will be interesting and beneficial to the students/staff! I am looking forward to meeting my elected Reps next week!
Plans for next month	Myself and the Student Engagement Lead have been asked to create a coffee morning/afternoon for isolating students, to decrease the feeling of isolation. I will continue to work on my KPIs for the year. I will also be adding some content to DigiPsych and the newsletter where possible. I am aiming to meet all of my new Reps and will plan a meeting for this! I am also looking at ways to make discussion boards more engaging on Blackboard! Finally, I will be attending meetings such as the CoSS Academic Board.
