

Volunteer Officer Report January 2020

Bart Hill – School of Geography Rep

What has been worked on in the past month?

- A key focus on improving the examinations period and first semester modules.
- Another key area worked on was the communication between students and dissertation supervisors.

Successes from the past month and any Reps Wins

- Reps supported students through exam periods and fed this back to the head of school in a meeting.
- Further details on dissertations have been provided.
- A successful trip to Chile has been run this month as well where 16 students attended from the school of geography.

Plans for next month

- Continue to support students and improve communication networks.
- Begin planning for an end of year summer ball.
