

Volunteer Officer Report January 2020

Matt Healey – Sport & Exercise Science Rep

What has been worked on in the past month?

A new system has been develop where students can use the sports centre gym for case study training, this has freed up more space for labs and allowed students more freedom when they can perform their case studies.

Successes from the past month and any Reps Wins

The new ability to use the sports centre gym has pleased many students.

Plans for next month

To keep the new system working properly and tackle any issues that might be caused from it.
