<b>What has been worked on in the past month?</b>	The past month, law reps have been continuing to attend weekly rep meetings to give feedback on blended learning and discuss issues arising from specific modules. I have co-chaired my first Subject Committee Meeting of the year with staff and reps in attendance to discuss these issues further. Reps have attended their first Rep forum as well.
<b>Successes from the past month and any Reps Wins</b>	As a result of the weekly rep meetings, the Subject Committee meeting was rather short as a result. This is because the issues raised during the weekly rep meetings have been resolved much quicker, proving that these weekly meetings are effective. Methods of examination have been clarified which will be beneficial to students to know how they will be assessed during the examination period.
<b>Plans for next month</b>	Plans for next month include continuing to attend weekly rep meetings and being on-hand for students over the period where blended learning goes entirely online as well as during the period students are permitted to be going back home. I will also be on hand for students who will be submitting their first summative assignments of the year if needed.
