

Volunteer Officer Report January 2020

Katie Smith - English & Journalism School Rep

What has been worked on in the past month?

Since this is my first week back in the new semester I didn't expect a lot to go on, but it has! Meetings have been held, and more has been planned ready for the school action day!

Successes from the past month and any Reps Wins

There has been many successes from both sides of the school. In English, meetings and talks about the school action day are underway, and students are voicing their opinions ready for positive change. In journalism, a lot has gone down that has been positive! They have listened to us about timetable problems, communication with deadlines and finally realised that ICT is a big issue for us. However, there was a lot of talk about the Festival of Creativity. With many ideas that came up, a magazine is being made and I'm leading on the whole project! My role is to get third year students on board, work with the lecturers and provide support.

Plans for next month

My plans for next month are to continue to work on the school action day with both lecturers and students. I'm also going to start emailing and bringing up ideas for the magazine for the college of arts festival of creativity!
