
Full Name	Sophie Leggott
Year of Study	3
Rep Role	School Rep – Geography
What has been worked on in the past month?	Further helping students with blended learning and ensuring all feedback is heard. We have sent out the second round of the newsletter which has gone down well with some good information from the library as well.
Successes from the past month and any Reps Wins	We had a second first-year rep nominated which means we now have two reps for the first years. People have been coming to us with any feedback or if they need help so we are able to point them in the right direction.
Plans for next month	Keep supporting students especially over the Christmas break. Ensure they have all the information needed as we go back to Uni in January and ensure everyone feels comfortable with the return. Also get a third newsletter out.
