
Full Name	Terence Bullen
Year of Study	3
What has been worked on in the past month?	The past month has really been dedicated to helping students figure out how to go ahead with the final weeks and month of their studies, and indeed beyond that, considering COVID-19's effect on the School of Design's teaching style.
Successes from the past month and any Reps Wins	Reps have been working super hard to communicate with their students, and with me. Issues and questions have been raised to the Head of School, and I believe it's helped quell some nerves that were occurring.
Plans for next month	Continue support in helping students feel informed in completing their final month of learning for this academic year.
