<b>What has been worked on in the past month?</b>	The past month I have been working on my KPI's for the year ahead. I've been setting out realistic goals for the different year that is planned, and working out how I can achieve them. From this, it has made me realise that the goals I want to achieve cannot be done without the help of the school reps from the arts. In order to do well this and make sure the College of Arts excel, we need to work as a team. This month has been about planning and ready to set things in concrete ready for the start of term.
<b>Successes from the past month and any Reps Wins</b>	A success that I have had this month is speaking to the head of the college. We spoke about plans for the year ahead, advice she had on new committees and a general chitchat. It was nice to finally meet her and build up that bond.
<b>Plans for next month</b>	Plans for the next month include meeting with the school reps about our joint project I want to work on, and seeing how many lecturers we can get on board for help. An exciting month ahead!
