What has been worked on in the past month?	<p>-Myself and the reps have continued to try and stay up to date with our peers to ensure any issues are diffused quickly. I feel we have been able to do this effectively.</p> <p>-We had a subject committee on teams where we fed back how we felt the schools reaction to covid went. The school was keen to hear good practices and we started to discuss what we felt would be important in the new academic year.</p> <p>-I have been actively trying to increase my knowledge around digital education to come up with ideas to enhance our resources to benefit students academically and socially.</p>
Successes from the past month and any Reps Wins	<p>-Any problems or queries that have been brought up have been answered and resolved efficiently.</p> <p>-Communication has remained at a high standard between reps myself and the school.</p> <p>-A suggestion I made in a DESG meeting to consolidate all online resources to one page to make it easy for students to find was executed. This may have already been in the works but it was great to see my suggestion taken on board and see it benefit students.</p>
Plans for next month	<p>-Me and the reps will continue to offer our support to our peers in case they need us.</p> <p>-I aim to have input where I can in helping staff prepare for next year.</p> <p>-I hope to work with Georgia help plan how we can ensure the representation structure remains strong through digital streams.</p>
