

Volunteer Officer Report January 2020

Dannielle Threlfall – School of Computer Science Rep

What has been worked on in the past month?

Due to the holidays having just occurred not many points were raised, other than some misunderstandings about option modules and exams.

Successes from the past month and any Reps Wins

Course Reps are satisfied with how the team is working and that they feel like they are accurately representing their peers.

Plans for next month

To communicate with the Third Year, in order to become more transparent about NSS so that there is a high turnout of people taking the survey.
