<b>What has been worked on in the past month?</b>	All the reps have been continuing to monitor how online teaching has been functioning. However, as most modules have been having their final assessments many have reached the end of teaching plus with easter happening it's remained fairly quiet.
<b>Successes from the past month and any Reps Wins</b>	We've been having good feedback, especially from the conservation students who require more hands on type teaching who've praised their staff for the transition to online teaching.
<b>Plans for next month</b>	As the year closes out more of the focus will be on making sure people feel supported with their final assessments even with the online teaching.
