

## UNIVERSITY OF LINCOLN STUDENTS' UNION

Vice President International Report July 2019

### **International Arrivals**

At the end of June, I worked with the University to help international students move into their places after the bus arrived in Lincoln. After helping the international students settle into their new places, we had a quick introductory talk in which some of the students who were comfortable to do so exchanged names and spoke about their journey here. After which we went for a trip to Morrisons to help the newly moved in students buy necessities and helped them in navigating in the store.

At the end of July, I had a meeting with the Student Support Centre to discuss the international arrivals that are happening in August. The expected number of students is quite high which is why Georgia Petts (VP Education) will be supporting me in this task.

### **International Students' Association**

ISA has always been close to me and I am hoping for it to be more successful this year. I am currently working on a few potential changes that could be made to ISA and the structure of ISA to make it better. I will be working closely with the ISA Officer this year to ensure the international students are satisfied with their student experience.

### **Study Group**

I have had meetings with the Study Group Coordinator and our Student Voice Department to find out possible support that we can offer the incoming study group cohort, using the feedback that we have collected from the last cohort.

### **Open Day**

The Team and I worked together for the Open day on the 5<sup>th</sup> of July to help students understand how the SU works and the services we offer. It was an amazing experience to meet potential students and understand their criterion for selecting universities to do their degree in.

### **Office Time**

I have spent my office time mainly working on my OPS Plans and understanding the changes that are required to improve ISA for the better. I have also spent my time replying to emails from students and staff.
