<b>What has been worked on in the past month?</b>	The past month has been focused on how to move onto online campaigning. We created a vlog for Earth Day which highlighted some current happy environmental news, documentaries to watch during lockdown and some gardening tips.
<b>Successes from the past month and any Reps Wins</b>	The video was really successful and is reaching lots of people and bringing some positivity to students at this strange time. I was also nominated as officer of the year at the swannies.
<b>Plans for next month</b>	The plans for next month are to collaborate with RAG and Community to put together a replacement of Move out May and to make it relevant to students right now. I will also be conducting my handover to the next environmental officer.
