What has been worked on in the past month?	Making sure everyone is happy with the new form of delivery. As well as promoting communication between now fractured students to maintain their relationality, well being and avoiding feelings of intellectual isolation. I myself have arranged Media Studies study sessions on Microsoft Teams
Successes from the past month and any Reps Wins	My awareness is that a successful dialogue between Media Production students and their module leaders was carried out to do with course content.
Plans for next month	Carry students through to the end of the academic year in the best state possible. Make sure that although not ideal, these circumstances are not deemed a reason for despair.
