
Full Name	Callum Roper
Year of Study	3
What has been worked on in the past month?	<p>Over the last few weeks I've been working with Lucy, my committee and staff at the SU to work towards completing some of the housing schemes that we are developing for students across the city. Whilst I cannot share in detail the specifics until they are announced I can confirm that the projects will ensure everyone in our Lincoln Community will be welcome and feel at home and importantly, from my perspective, further part of the wider community off campus.</p>
Successes from the past month and any Reps Wins	<p>As mentioned above I have been working on a number of projects that will be revealed in detail further down the line. In the process of developing them, a number of students have had an input and given me some ideas and feedback that will go into the process - for this I'm grateful for your contributions despite many of us not yet being back in Lincoln.</p> <p>I am also glad to report that I attended the first wellbeing network meeting, which has a number of exciting prospects going forward.</p>
Plans for next month	<p>In the next month or so we will be welcoming back students to Lincoln. Whilst the situation is everchanging, I hope to be able to be welcoming freshers and returning students back to Lincoln and ensuring they feel at home here in Lincoln. I will also be working with a number of officers and volunteers to further develop the ideas and projects we have in the pipeline.</p>
