

Full Name	Rebecca Sharp
Year of Study	3
Rep Role	Societies Officer
What has been worked on in the past month?	I have been working on the Well-being Officer implementation and having meetings with Lucy and Abi to discuss points around this. I have been speaking with the other officers about this officer implementation and seeing whether they can be distributed between societies, sports and academic societies.
Successes from the past month and any Reps Wins	A society has enquired about adding the Well-being officer role already! I have been working with them to provide an overview of what the role will look like. Massive congratulations to the societies who have won society of the week this month! Also, congratulations to the winners of Taskmaster 2.0!
Plans for next month	Compile a strategy for Well-being Officers and come up with some coherent training that can be followed. Arrange meetings with BAME, LGBT and Disabilities Officers to discuss what steps can be taken to make societies more accessible to all and in particular those communities.
