
Full Name	Jack Eames
Year of Study	3
What has been worked on in the past month?	With the move to start teaching through an online platform, we're ensuring that all students are getting the same quality of teaching and that any changes to coursework (e.g. labs) are made fair and equal, not putting anyone at a disadvantage; this will continue to be worked on throughout this period.
Successes from the past month and any Reps Wins	The physical hand in for final year dissertation students was scrapped due to the current situation, meaning that students could return home earlier.
Plans for next month	The reps will be keeping a keen eye on the situation with exams, making sure that appropriate changes are made and that the new style of exams are fair to all students.
