
Full Name	Jacob Ford
Year of Study	2
What has been worked on in the past month?	We have spoken as a committee about our goals for this year by looking at any gaps in resources or opportunities there are for students. I have researched into a proposal I am working on with the VP Campaigns and Environment which looks at the disposal of cigarettes and chewing gum.
Successes from the past month and any Reps Wins	All committee completed their training and really enjoyed it. We have spoken about how we can progress as a team; we have a full committee following a successful bye-election.
Plans for next month	We aim to continue discussions around gum and cigarette disposal and plan volunteering opportunities for students to get them out and about whilst building experience even during a pandemic!
