Year of Study	3
What has been worked on in the past month?	As we have come back to Lincoln I have been hearing from a number of students who are confused or concerned about the regulations and what it means for them in the coming weeks and months. I have been sign posting and passing on comments or feedback to ensure everyone is clear and happy going forward.
Successes from the past month and any Reps Wins	This month I attended a sincil bank community board meeting where we represented students in the community and am happy to report back that a number of voluntary schemes are in the pipeline for litterpicks, clean ups and playing a part in the community.
Plans for next month	In the next month I aim to work with my committee to develop some of my plans for a safer environment in Lincoln for students. I will also seek to continue to represent students on issues around housing and community as they arise and work with the wellbeing committee to see positive changes regarding community participation in Lincoln.
