Year of Study	2
What has been worked on in the past month?	This month I have continued speaking to societies to find out what is worrying them about returning to campus and any issues/confusions they have surrounding COVID-19. I have spoken to 13 individual societies, which is not quite the 20 I had hoped for, but due to lack of response this is all societies I've had the opportunity to speak with!
Successes from the past month and any Reps Wins	I have been involved in meetings alongside Abi (VPA), where we have spoken to committee members from a variety of societies and informed them of key updates from the SU as well as the plans that I have for the upcoming months/year as Societies Officer.
Plans for next month	Continue to work hard behind the scenes to make sure that Societies can be open and accessible to all on our return to campus. Work on the disciplinary booklet with Abi to help Societies learn what actions can be taken against them if they fail to comply with regulations set out by the Activities department.
