

---

<b>Full Name</b>	Callum Robert Inkster
<b>Year of Study</b>	3
<b>What has been worked on in the past month?</b>	<p>This last month I have been focused on making sure that all the submission guidelines provided to students are consistent and provided to them with enough time to react to it rather than it be last minute.</p> <p>As well as this during committees making sure that members of staff within the college have an understanding of the many different situations that people find themselves in and the different ways students are reacting to it. As well as providing a student's perspective of how to move the university forward with a mixture of physical and virtual measures to improve our lives as students.</p>
<b>Successes from the past month and any Reps Wins</b>	<p>The committees I have attended and have informed in have been very constructive and the members of the college seem interested and willing to listen to students ideas and opinions about our situation and the future.</p> <p>Our school has also provided students with submission guidelines with ample time in order to react to them.</p>
<b>Plans for next month</b>	<p>Next month I will be completing my studies, then contacting the next school representative and giving them a thorough hand over so they go into the next year as prepared as I can make them.</p>
