Manifesto Point	Updates	
To support the CEO to write and have in place by June 2020 the new University Of Lincoln Student Union Strategy 2020-2024	<p>Progress this month:</p> <p>Plans for next month:</p>	<p>In regard to the new strategy writing this month, myself and the CEO attended the WONKHE Baltics Study Tour, where we visited multiple different institutions in Lithuania, Latvia, Estonia and finally Finland. Including visiting different institutions, we also met with each of the NUS of each country. This tour organised by WonkHE saw 15 UK institutions come together to explore HE in the Baltics. Main things learnt from the tour was their main issues including accommodation, student activities and the makeup off their executive system. Each country was different however all being linked with the pride their students had of being part of their community and a push on volunteering how vital it is to get involved in not only their institution, but also their city.</p> <p>The next steps forward for the strategy is to now test the progress and ideas with students at open forums. The student input is the most important for the strategy with the goal to talk to over 300 students on the matter. This will be done through town hall meetings, drop ins, online forum and already established hubs/networks.</p>
To lead and support on 3 campus wide campaigns with 60% of students being aware of all 3 campaigns as measured in the new 'Member Insight Package'	<p>Progress this month:</p> <p>Plans for next month:</p>	<p>Progress this month for the campus wide campaigns have been having operational meetings on how to deliver the green week campaign set for March. These plans include a zero-waste shop, volunteering trips, climate panels and finally sustainable giveaways. Being sustainable is expensive, our goal is to help with that giving the tools and knowledge for people to make small commitments for a better world.</p> <p>Plans for next month include starting to contact suppliers and booking space to complete the campaign.</p>
To continue to work and lead on facilitating	<p>Progress this month:</p>	<p>This manifesto has now been completed with the Student Union now not affiliated with the NUS membership however, the work is not yet completed fully. This month we have now</p>

<p>student discussions regarding the disaffiliation of the SU from NUS, as agreed by the ULSU Board of Trustees</p>	<p>Plans for next month:</p>	<p>identified how much money has been saved from the disaffiliation of NUS what was not its key focus, however must be fully explored through being transparent with our members.</p> <p>The plan for next month is to hold a town hall meeting where any student can come and discuss where they think the money should go and promote their ideas on what would make the student experience the best possible with these financials helping.</p>
<p>To create a Sports Performance pathway in partnership with 'Sport Lincoln' stakeholders</p>	<p>Progress this month: Plans for next month:</p>	<p>This manifesto point has already been completed last year.</p> <p>The Plan for next month is the same as the previous months, keeping an eye out on how the sessions are going and promoting the sessions with the VPA.</p>

<p>Student Interactions</p>	<p>Over 40 potential election candidates Attendance Panels UV sports sessions Refreshers Fayre Respect Charter participants Graduates</p>	<p>Committee & University Staff Interactions</p>	<p>International institutions (Baltics and Finland) UK Institutions (other sabbaticals and CEO'S) Education and Student Life Committee Attendance Panels University HR department University events team Mary Stuart – Vice Chancellor The board of governors (university)</p>
