

## **Volunteer Officer Report December 2019**

Talia Adams – School of Psychology Rep

### **What has been worked on in the past month?**

We have continued to work with academics on things including the next action day. We continued to look for interest from students in being digipsych editors and academic peer mentoring which I hope to get underway near the beginning of semester B. Also, we had another rep drop in which we plan to continue.

### **Successes from the past month and any Reps Wins**

- We had a student come to the rep drop in!
- The Forensic Psychology postgraduate reps put on a scavenger hunt to familiarise students with the campus followed by a lunch to help the forensic masters student socialise
- All reps have been quick to feedback issues so they can be resolved efficiently

### **Plans for next month**

- Increase rep visibility in welcome lectures
- Increase awareness of recourses
- Start digipsych up again
- Take further steps to introducing an academic peer mentoring scheme
