
Full Name	Holly Louise Armitage
Year of Study	2
What has been worked on in the past month?	<p>-Conversations with the school and student engagement lead have started regarding collecting feedback at the start of the upcoming year (after a few weeks of teaching) and also throughout the year to ensure the school are helping, supporting and listening to students regarding the differences that may occur in the year due to COVID-19</p> <p>-I have started making contact with the school's academic society about what plans they have for the year, any expectations or goals they want to achieve and any ways in which the school can help and support them with throughout the year to make the second year of the society a success and progress from last year when the society was first set up.</p>
Successes from the past month and any Reps Wins	<p>-From feedback that has already been collected from students and staff, the school were able to start to make plans about teaching and learning when we return in October and were able to contact all current students informing them of these decisions. We as a school are grateful for all of the feedback coming in from students to help with decision making about the upcoming year. Since receiving this information, students are feeling reassured about the decisions and work being done by the school.</p>
Plans for next month	<p>-Continue to work towards the peer mentoring scheme that the school is looking to introduce.</p> <p>-Continue conversations with staff, reps and students to make plans for feedback platforms for the upcoming year.</p>
