

## **Volunteer Officer Report October 2019**

Sophie Ruby Boswell

### **What has been worked on in the past month?**

I have been working on finding course reps for education as the elections were done quite late into the year. I have been planning when to meet up with the course reps to talk about speak week

### **Successes from the past month and any Reps Wins**

Got course reps for both year groups

### **Plans for next month**

Best month I will be conducting meetings with the course reps and organising speak week
