

Volunteer Officer Report December 2019

Amber Parker-Marshall – Women's Officer

What has been worked on in the past month?

In the past month, I have met up with Emma to discuss plans for Women's History Month after postponing Reclaim the Night from November to March. We also met with a Lincoln councillor to speak about how we can look at turning the streetlights on for longer which should be a really exciting project!

Successes from the past month and any Reps Wins

The meeting between myself, Emma and the Lincoln councillor was really successful and we both came away from it buzzing with excitement. I'm excited to discuss these plans with the rest of the Women's Group.

Plans for next month

Next month I would like to start further planning for Women's History Month to ensure we are ready to make it the best year yet! I also can't wait to meet with the Women's Group once term starts again to talk about ideas and catch up!
