

<b>Full Name</b>	Zoe Phoebe Hoy
<b>Year of Study</b>	2
<b>What has been worked on in the past month?</b>	<p>In the past month, I have had meetings with the VP wellbeing and community and the student's union to discuss the introduction of sunflower lanyard training to university staff and the introduction of the sunflower lanyards on campus as well as at events.</p> <p>I have also attended meetings regarding the Accessibility report myself and the previous VP welfare and community wrote. These meetings were to discuss the findings from the report and the possible outcomes that can be worked towards as a result. The current VP campaigns and environment are now working with me on this so that we can achieve the best outcomes possible some of which are discussed further down in this report.</p> <p>I have been invited and added into a Web accessibility working group with the university as a student representative to give student opinions and feedback on web resources and their accessibility. This includes blackboard and separate blogs.</p> <p>I have recently joined a teaching and learning panel where I will be helping to review online teaching and learning materials that lectures are proposing to use this year. My aim in being on this panel is to make sure that accessibility is key so that everyone can have the best learning experience possible.</p> <p>I have also been working with my committee on our KPIs for the year as well as gathering feedback from my committee about their experiences of university and how we can use those to improve and get more involved this year with students.</p>
<b>Successes from the past month and any Reps Wins</b>	<p>The past month attended meetings regarding the Accessibility report. These meetings were to discuss the findings from the reports and the possible outcomes that can be worked towards as a result. One of the outcomes that were talked about was disabled student parking information which is to be clearly stated and put up onto the parking section of the estate's website along with a map of disabled parking spaces. Another issue that is still being discussed is access to the swan pub via a ramp or alternatively raising the ground level outside to meet the door so that it is level.</p> <p>The past month I have now got an almost full committee which I didn't have last year! A group of wonderful people who are as passionate and driven to make change, so this is very much a Success.</p>
<b>Plans for next month</b>	<p>In the next month, I hope to continue to hear about the accessibility report from the university and their plans to improve upon and resolve the issues that were highlighted in the report.</p> <p>In the next month, I will have had meetings with the university and the student's union online with the outcome of these meetings being better accessibility on campus and its various online platforms for all.</p> <p>In the next month, I also hope to have helped improve online learning next year from doing the teaching and learning panel.</p> <p>In the next month, I will also continue to provide support for students during this difficult time through email and my social medias.</p>
