
Full Name	Millicent Kay Horne
Year of Study	2
What has been worked on in the past month?	In the past month, I have attended the last campaigns Network meeting of the year, and the All Student Members meeting. In the ASM, I asked for clarity to be prioritised for courses and to ensure that education services are available for if students still aren't performing their best in the next academic year. I have also been active on social media and have been chatting to students about stresses they have with their course and the situation at the university regarding Covid-19, and pointed people to resources for their given problems.
Successes from the past month and any Reps Wins	Successes over the past month have been being involved in Peace of Mind's mental health week campaign, writing a post for their social media pages, with encouraging words about mental health.
Plans for next month	For the next month I plan to work with the new officers on setting up social media campaigns for over the summer, and work on how we can interact with students despite of covid-19.
