
Full Name	Amelia Jane Cullen
Year of Study	3
What has been worked on in the past month?	This month has mainly been focussed on exams, as well as making sure 3rd and 4th years have been able to complete their dissertations, despite a lack of data.
Successes from the past month and any Reps Wins	Exams have ended up running very smoothly after reps put forward improvement suggestions after mocks. This has meant an easier upload experience.
Plans for next month	Plans for next month is mainly making sure students know what options are available to them with regards to retakes and also to make sure the safety net continues to be understood. With regards to placements, I hope to work with staff and relevant reps, to give support for those without placements currently for next year (who want one), but also to those whose placements have been affected due to the current crisis.
