<b>What has been worked on in the past month?</b>	We have been looking into how we could hold online webinars around specific LGBT+ topics that members and students wanted to see, as well as gathering feedback on events and reaching out to our community and making sure that everyone is supported during this unusual and difficult time. We know that family life can be difficult to readjust to, or there may be conflicts for LGBT+ people if they're moving back home during lockdown, so we want to be a voice for those who need it.
<b>Successes from the past month and any Reps Wins</b>	We held a virtual celebration for Trans* Day of Visibility on the 31st March with daily posts around the lives of Trans* and Non-Binary activists, key moments in history and promotion of Trans* focused charities so that all of our members, LGBT+ students and staff, and Allies could read about how they can support the Trans* community more and empower each other
<b>Plans for next month</b>	We will continually be posting stuff on our social media about events to get involved with online and directing members and students to advice centres, support groups etc if they need it. We will also be posting regularly about LGBT+ books, films and TV shows to watch during lockdown to keep morale high.
