

Full Name	Gabriela Carmen Clarke
Year of Study	2
What has been worked on in the past month?	Meeting all the school reps and college officers in the SU, more specifically getting to know the school reps and college officer in the college of science more as they are who I will be working closest with. Introducing myself to the course reps that have already been elected and my director or learning and student engagement lead.
Successes from the past month and any Reps Wins	Successfully discussing plans for the next academic year with the other school reps in the college of science, creating a good discussion and cohesion of morale.
Plans for next month	Work on the plans discussed in the meetings already had, come up with some new ideas for these plans. As more reps get elected I will be introducing myself to them and get them caught up with my intentions for this year ahead.
