

Full Name	Zoe Phoebe Hoy
Year of Study	2
What has been worked on in the past month?	<p>In the past month, I have had meetings with almost all the sabbatical officers. I have had a meeting with the VP activities and Lincoln Football Association to discuss an amazing opportunity for students in the form of turn up and play accessible football sessions that are open to everyone.</p> <p>I have also had a meeting with the VP wellbeing and community to discuss the map she is creating which me and my committee contributed to. I also met with the VP wellbeing and community to discuss the return to campus, including how one-way systems work and some of the concerns students have raised. We then ended the meeting with a brief update on how close we are to launching the sunflower lanyards.</p> <p>This month I have also had a meeting with the VP Education to discuss student concerns around attendance and Covid 19 when we return to campus.</p> <p>I was also involved in a pre-meet and debrief by the VP campaigns and environment for the Inclusion committee where I raised student concerns about returning to campus.</p> <p>I have had meetings with my committee to discuss many things including the map, returning to campus, face masks, attendance, and safety.</p>
Successes from the past month and any Reps Wins	<p>The past month I have collected feedback from students about their concerns and questions for returning to campus with face to face teaching. I have been able to give this feedback to the student's union who are able to provide answers to the question's students had and help to lessen their concerns.</p>
Plans for next month	<p>In the next month, I hope to have had meetings with the university and Students union to talk about keeping the accessibility of campus whilst also keeping students safe with Covid restrictions.</p> <p>In the next month, I will have had meetings with the university and the student's union about sunflower lanyards and hope to be able to launch them in time for the start of term.</p> <p>In the next month, my committee and I will continue to provide support for students during this difficult time through email and social media.</p>
