

Name:	Cassie Coakley
Position:	President
Report Date:	21/02/2020 – February Report

Manifesto Point	Updates	
To support the CEO to write and have in place by June 2020 the new University Of Lincoln Student Union Strategy 2020-2024	<p>Progress this month:</p> <p>Plans for next month:</p>	<p>Looking at key points for the Strategy for February, myself, the rest of the sabbaticals and the senior management team went away on a two-day residential, storming ideas for the strategy. From this we looked at ideas we had gathered from other institutions, but also looking at our own institution and analysing what works best for us, and what needs enhancing. From this we have identified two areas where we can enhance the student experience to benefit our students. Information has also been gathered and tested at Sports, Societies and academic societies Hub, campaigns network and ISA.</p> <p>Plans for next month include hosting another strategy workshop where students will hear the plans for the Strategy where they can build on what has been produced or question parts where it may not work. Also I will be attending the next ACUI conference with institutional visits.</p>
To lead and support on 3 campus wide campaigns with 60% of students being aware of all 3 campaigns as measured in the new 'Member Insight Package'	<p>Progress this month:</p> <p>Plans for next month:</p>	<p>Progress for this month consists of leading the team on final plans and booking for our Green Week campaign. For the week we have some amazing giveaways such as bamboo toothbrushes and water bottles. Also exciting panels, events and trips including a trip to do a beach clean-up.</p> <p>Plans for next month is to present the campaign and start looking at and planning our final campaigns before the end of June.</p>
To continue to work and lead on facilitating student discussions regarding the disaffiliation of the SU	<p>Progress this month:</p> <p>Plans for next month:</p>	<p>This KPI has now been completed with the Student Union now not affiliated with the NUS membership. However, a key component was to determine what students wanted the money to go to. This was done by a town hall meeting I chaired with support from the other officers. This was very successful with ideas and conversation flowing.</p>

from NUS, as agreed by the ULSU Board of Trustees		Minutes from this meeting will be published soon with the next stage of students choosing starting next month.
To create a Sports Performance pathway in partnership with 'Sport Lincoln' stakeholders	Progress this month: Plans for next month:	This manifesto point has already been completed last year. The Plan for next month is the same as the previous months, keeping an eye out on how the sessions are going and promoting the sessions with the VPA.
