

Volunteer Officer Report November 2019

Sophie Boswell – School of Education Rep

What has been worked on in the past month?

This past month I have been collecting information from the students to see if they would be interested in setting up an academic society (the majority want this to happen). I am also working on putting together a mentoring scheme between second years and first years.

Successes from the past month and any Reps Wins

Speak week went very well as I was able to get the majority of the students to complete questionnaires that I made. I then went through them all and coded the data to see similar answers. I will hopefully be presenting the feedback back to the students in two weeks time.

Plans for next month

Next month, my course reps and I will hopefully be putting on a social for both years so that we can bridge the gap between both years.
