<b>What has been worked on in the past month?</b>	<p>In the past month I have had lots of meetings on teams with the student's union as me and the VP welfare and community along with the student's union have put together an accessibility report about campus with a variety of subjects highlighted.</p> <p>I have also had meetings over teams with the VP activities about better training for sports and societies to help them understand and include people with disabilities as best they can.</p>
<b>Successes from the past month and any Reps Wins</b>	<p>A few months ago, me and the VP welfare and community did an accessibility walk around of campus and its buildings to see just how accessible everything was, this included hearing loops in seminar rooms, disabled toilets and reception desks. This information including feedback from students was included in an accessibility report that will shortly be sent to the university.</p> <p>I have been nominated for three swanny awards, which is amazing, and I would like to thank everyone who nominated me.</p>
<b>Plans for next month</b>	<p>In the next month I hope to have had various meetings with the university and the student's union online with the outcome of these meetings being better accessibility on campus and its various online platforms for all.</p> <p>In the next month I have a meeting with the president and VP welfare and community as well as a member of LEAP to discuss how we can better support students with learning difficulties such as dyslexia. I look forward to this as I believe the current support in place is lacking and anything we can do to improve it and help students.</p> <p>In the next month I will also continue to provide support for students during this difficult time through email and my social medias.</p>
