What has been worked on in the past month?	<p>During the past month, I attended the part-time officer training day on 02/07 and have also completed all of my online training to ensure I am fully equipped to carry out the school representative position to the best of my ability.</p> <p>On Tuesday 30th June 2020, myself and the level 2 representatives attended a Curriculum Design Committee (CDC) meeting after being invited by the law school to give our input into the proposed teaching method for the 2020/21 academic year & discuss the 2019/20 examination period.</p> <p>Prior to the CDC meeting, myself and the Level 2 reps sought feedback from students on how they found the 2019/20 examination period and any feedback they might have had which would benefit the meeting.</p>
Successes from the past month and any Reps Wins	<p>During the past month, as highlighted in section 1, myself and the level 2 reps attended a Curriculum Design Committee meeting with the law school teaching team to give feedback on the proposed method of teaching for the 2020/21 academic year, which is set to be different from previous years due to the ongoing lockdown and social distancing regulations. I believe this went very well, with some great input from the level 2 reps as they really engaged with the meeting and gave some valuable feedback. Some great suggestions were made which I believe will really benefit the 2020/21 method of teaching and how staff can support students through distanced learning methods.</p>
Plans for next month	<p>Next month, I plan to create group chats with the course representatives for 2020/21.</p> <p>I also plan on being on-hand for staff and students to give feedback or advice on any worries or struggles ongoing as a result of the lockdown period as well as ensuring effective communication between the law school and its students whilst a 20/21 learning plan is being developed.</p>
