What has been worked on in the past month?	It has been my first month as a School Rep. The Course Rep nominations have opened on the same week as the due date for this monthly report; therefore, I will work with them when they are elected. I have helped students by contacting a module leader as they were confused about this module's handbook information.
Successes from the past month and any Reps Wins	I have motivated and encouraged my flatmate to nominate herself and become a Course Rep with who I could probably work in the future to provide an even better experience for other students.
Plans for next month	I plan on meeting the future Course Reps through Microsoft Teams. Then, we can all communicate with students through an existing WhatsApp group that I created last year as a Course Rep, we will ask for their feedback and then create a list of actions that could be done to improve any negative comments.
