<b>What has been worked on in the past month?</b>	With the shift to online learning and being away from campus, the focus has moved to ensure students are getting the most from their online learning experience. I have been communicating with various members of the university in order to resolve the issues students have.
<b>Successes from the past month and any Reps Wins</b>	A successful transition to online learning. Any issues that were raised were reported quickly and hopefully should be resolved soon.
<b>Plans for next month</b>	Continue to ensure that students are having their wellbeing and academic needs met by the university during this situation. I hope to continue forwarding on concerns and promoting any wellbeing advice from the student union to ensure students are safe.
