

---

<b>Full Name</b>	Talia Adams
<b>Year of Study</b>	3
<b>What has been worked on in the past month?</b>	This month I have had two meetings with the CoSS Director of Learning to discuss how students are finding the start of term. I also attended the College of Social Science joint Academic Affairs and Education and students committee. I have started posting on my instagram account including helpful posts for students. I have filmed my introduction video and when all of the School reps film theirs they will be sent to be shared with the schools to raise rep visibility.
<b>Successes from the past month and any Reps Wins</b>	I have volunteered to chair the teaching and learning panels and will receive training shortly to do this. My instagram account has 89 followers and I am yet to properly promote it which is a positive start. I have had regular contact with the School reps and am really impressed with all of the things they have been working on this month.
<b>Plans for next month</b>	I hope that our introduction videos will be shared over the next month to raise rep visibility. When all course reps are elected I hope to have meetings or create contact with them to ensure the representation structure within the college is sound. I will be having a meeting with the Head of College to talk about plans for this year. I will also be having weekly meeting with the Director of Learning to ensure we are keeping feedback streams open.
