

Volunteer Officer Report December 2019

Jacob Ford – LGBT+ Officer

What has been worked on in the past month?

Planning is well underway for LGBT+ History Month in February and we have been looking at how we can engage as many students as possible. Our events will cover everything from representation to volunteer and charity work with plans for guest lectures, panel events and more! We have been evaluating the successes from last semester and looking at ways to improve.

Successes from the past month and any Reps Wins

With students breaking up for the holidays we have been limited in the outreach we could achieve however, we have been actively sharing and promoting work from other students and staff at the university and the students union.

Plans for next month

LGBT+ History Month!
