

## **Volunteer Officer Report November 2019**

Eddie Foster – Law School Rep

### **What has been worked on in the past month?**

A whole range of issues were raised by reps at the subject committee this month, giving lots of feedback for the teaching team. The reps have also fed back to their respective years updating students with what's going on in the school – closing the feedback loop.

The third SRG (Senior Rep Group) meeting was held this month which involved some exciting updates from Georgia regarding an upcoming initiative. It also gave all of the senior reps a chance to let Georgia know what's going on and catch up

The second Education and Student committee was held, in which speak week was discussed at length, and by the end of it the Chair was very pleased with the amount of feedback and is confident it will be even better next time.

### **Successes from the past month and any Reps Wins**

The second-year reps in particular have done well this month, by coming forward with their problems regarding EU Law, not only did they raise issues, but they also came with solutions which made the process a lot easier during the subject committee. These suggestions are currently in the works to make everyone feel better about the module.

### **Plans for next month**

In the upcoming month, the next SRG will be held giving us another chance to update Georgia and catch up with the other reps. There is also going to be a rep social, which will give reps from different schools a chance to socialise within the college – there will also be a quiz (giving the Law School another chance to win a trophy!)
