
Full Name	Talia Rose Adams
Year of Study	2
What has been worked on in the past month?	This month I have been thinking about more what I hope to deliver over the year and starting to action plan. I am trying to plan social media posts that can be approved and posted next month. I also participated in a panel where academics are able to get student feedback on specific aspects of their course. I continue to be in contact with the CoSS school reps.
Successes from the past month and any Reps Wins	I was able to contribute during the panel a lot which will hopefully help the academics in their module development.
Plans for next month	I am due to have a KPI meeting to set my goals and also know what the CoSS school reps goals are so I can support them. I will be ensuring all senior reps in the CoSS have a introduction video that can be shared to students to help with visibility. I hope to start an Instagram account for my role and look to post regularly. I look to have meetings with relevant academics to plan for the year or events I hope to hold starting from next month.
