

Volunteer Officer Report January 2020

Ellie McSweeney – School Rep – Department of Marketing & Tourism

What has been worked on in the past month?

After back from being the Christmas period there has not been much activity. However, this will pick up in the coming months.

Successes from the past month and any Reps Wins

Due to being away for Christmas there has not been much to work on, therefore no wins.

Plans for next month

For the next month I intend to make contact with reps and ensure there is more communication. In the coming weeks there will be a subject committee meeting with course reps to hear their comments on the first few weeks after Christmas and sort any problems that have arisen.
