

Name:	Cassie Coakley
Position:	President
Report Date:	24/04/2020 – April Report

Manifesto Point	Updates	
To support the CEO to write and have in place by June 2020 the new University Of Lincoln Student Union Strategy 2020-2024	Progress this month: Plans for next month:	<p>Since my last report at the end of March, it has now been decided due to the Covid-19 pandemic that main strands of our Strategy will be going ahead for the new academic term, but not as planned due to our new financial position. After lockdown is over and the university and Student Union is back up and running properly, things will sadly be looking different. This will be happening to all SU's and universities around the world. With this in mind, we will be looking more on what we can carry on doing, getting back to our original state before Covid-19 took place.</p> <p>Plans for next month is to see what parts of the new strategy can be implemented for the new academic year, and what parts we need to focus on keeping, being back to the situation we were in before Covid-19.</p>
To lead and support on 3 campus wide campaigns with 60% of students being aware of all 3 campaigns as measured in the new 'Member Insight Package'	Progress this month: Plans for next month:	<p>All three-campus wide campaigns have now been completed. We wanted to do more in regard to our year long 'Loneliness' campaign, however due to the new situation we have been left in due to Covid, we are now having to redesign this. We also wanted to do an extra campus wide campaign on Exam stress and pressure but sadly again, we are having to rethink this.</p> <p>Plans for next month is to gather feedback from students on how the campaigns went and how effective they are. This current survey is live at the link www.lincolnsu.com/survey/su-campaign-awareness-2020 and takes less than a minute to complete.</p>
To continue to work and lead on facilitating student	Progress this month: Plans for next month:	<p>This KPI has now been completed. This KPI has been completed with initial talks, then the ASM, then the referendum, then the official leaving of NUS with plans in place for next year.</p>

<p>discussions regarding the disaffiliation of the SU from NUS, as agreed by the ULSU Board of Trustees</p>		<p>Plans for next month is to analyse the extremely successful NUS town hall meeting we had. We have gathered all the data and are now processing it to put into plans for next year. However, as stated last month, due to the financial state of the Student Union due to the Covid-19 circumstances, this will have to be investigated. We are in unknown times now with financials as we are losing around £120,000 a week due to closing our venues.</p> <p>However, this will not be looked over, this will be looked into my next years team on what to do with the saving of NUS however as mentioned, this will be determined by the financial state of the SU after the coronavirus pandemic.</p>
<p>To create a Sports Performance pathway in partnership with 'Sport Lincoln' stakeholders</p>	<p>Progress this month:</p> <p>Plans for next month:</p>	<p>This KPI has been completed since last November and we are keeping an eye on bookings. From the sport and exercise science school we are told the sessions are very popular with them selling out every week.</p> <p>To keep promoting the sessions and work with the school to make the sessions bigger and better for next year with the VPA.</p>

Overall

Overall, not KPI related, me and the team are working harder than ever to answer all your questions and queries we receive daily. Everything from accommodation to academic. Regarding academic, myself and Georgia have been meeting with DVC Liz Mossop and Judith Carey on changing policy. These policies are on Extenuating Circumstances and the new Safety Bet Policy. I am also getting involved on social media with our Sab Facebook Live's, challenges and daily chat to students who feel lonely. From a Trustee perspective, I am making sure I chair successful meetings to make sure our Trustees and myself make sure that this Student Union is going to be here for years to come. We have successfully appointed new Trustees and am excited to see what our organisation will be doing in the years to come.

Stay safe everyone, chin up and remember, this is only temporary.
