

<b>Full Name</b>	Valeria Mendez Jaramillo
<b>Year of Study</b>	2
<b>What has been worked on in the past month?</b>	<p>I have attended to SRG meetings in which we talked about our biggest win and challenges throughout the month. Also, a meeting with Joanna Smith and Cristina Cherino, Rep forum events, one of LIBS College Academic Board meetings, and I have met my VPE.</p> <p>I took the action of gathering feedback from many students as course reps were not all elected yet and met with current reps towards the end of November.</p> <p>I sent the feedback to the according module leaders and tutors, to the VPE and the issues where analysed and some or the majority were resolved.</p>
<b>Successes from the past month and any Reps Wins</b>	<p>As a School Rep I have improved important issues in regard to some module's assessments which were worrying students who know feel relieved as we were put into discussions and contact with our professors and were given further support.</p> <p>My course reps for International Business Management have worked hard in a short period of time to help me with some of the feedback or information that we gathered this month. I have also met the course reps for Business and Management as I attended to one of their meetings, and some other course reps from other courses.</p>
<b>Plans for next month</b>	<p>During December I will attend to a Rep Hub and Management Virtual Drop Ins. My plans are to include all the course reps from the different courses in the department of Management into a MS Teams group chat in which we can all discuss and share information that I can then bring into committees and officer reports. The group and contact details have been given to me already and I look forward to making an interactive space in MS Teams and get to know the course reps better to create/think of ways in which we can get lots of information/feedback from students.</p>
