What has been worked on in the past month?	In the past month, my committee and I have been releasing daily Instagram stories about Black women who inspire us as part of Black History Month. We have really enjoyed releasing these and cannot wait to continue similar things in future. We have also been working with the Black Feminist Society, The LGBT Officer and the Sexual Health wellbeing lead to produce a campaign about safe sex and consent at University, and subsequently released our own information about where to find help for pregnancy and parenthood at university.
Successes from the past month and any Reps Wins	Successes from the last month have included our publicity lead being named committee member of the month for their efforts in both the Women's group and the LGBT group!
Plans for next month	In the next month, we hope to continue working on our safe sex campaign and release even more valuable information students.
