<b>Full Name</b>	Callum Roper
<b>Year of Study</b>	2
<b>What has been worked on in the past month?</b>	Over the last month I have been working with Sabbs and my fantastic committee on a number of great things that coming up for students in the new academic year. These projects are not quite ready to be made public but I can assure you that they will be fantastic for students on issues of housing, safety in the city and getting involved further in the wider Lincoln Community.
<b>Successes from the past month and any Reps Wins</b>	I was lucky enough to hear from a number of students alongside your VP wellbeing and community, Lucy, during our consultation about housing. Thank you for all your input it has really helped us going forward in shaping the SU housing accreditation scheme going forward. One of the great things was how a number of students from seemingly different experiences had a lot of concerns and comments in common when it comes to the world of renting as a student.
<b>Plans for next month</b>	As we go into the next month I will continue to be working on the upcoming plans that we have and will also continue to be ready to hear from students if they have any issues or concerns relating to our Lincoln Community. I also look forward to be welcoming back students as we start to return to Lincoln for the start of the new academic year, in whatever capacity Covid permits.
